

Who can help us apply for benefits for our family member?

COVA can.

COVA, the Center of Vocational Alternatives, is a private nonprofit organization with the mission to assist and support the community in overcoming mental, emotional and other challenges to a productive life, focusing on employment, economic stability and life skills. Founded in 1982, we serve 3,300 Ohioans and 250 businesses annually.

Trust our expertise

Our experienced Benefits Specialists can review with you the disability and health care programs that may be available to your family, and can assist you with completing the daunting application process.

COVA, the Center of Vocational Alternatives, can assist your family with assembling the documentation and applications for Medicaid, Supplemental Security Income (SSI) or Social Security Disability Insurance (SSDI).

COVA's team has nearly two decades of experience helping Ohio families navigate this maze. Our expertise begins with being able to quickly and efficiently identify your family member's disability eligibility and the medical documentation necessary to complete your loved one's specific application.

Invest in your family member's future

COVA's Benefits Specialists bill at \$100 per hour for professional services. Application assistance averages 15 to 20 hours, giving your family member every advantage to help secure benefits that can last a lifetime.

No risk, no obligation

Our initial consultation to determine your family member's potential eligibility for disability benefits is free, and COVA is only paid for the application assistance process if benefits are awarded. Your fees are deposited into an escrow account until the disability determination is made.

For peace of mind and hope for your family member, contact COVA, a benefits services leader in Ohio.
